

2017 Elite Athlete Program Flexible Study Assistance Request

For Alternate Exam Arrangements

This application may only be completed where an athlete has previously completed an application for Elite Athlete Recognition and requires additional Flexible Study Assistance for an exam.

This application MUST be endorsed by a Student Equity and Disability Services team member

This application will be used to determine a student's eligibility to be recognised as an elite athlete under the University's **Elite Athlete and Performer's Procedure** for flexible study assistance. Applications remain open throughout the year.

Notes:

Appendix 1: Elite Athlete Confirmation Information

- a) Flexible study arrangements are only available to recognised elite athletes for the duration of their membership with one of the above organisations; or up until the conclusion of a national championship or league in which they are competing. Membership refers to:
 - i. An institute or academy of sport scholarship recipient or training agreement recipient.
 - ii. A member of the AFL Players' Association; Australian Cricketer's Association; Australian Professional Footballers' Association; Rugby league Professionals' Association; or Rugby Union Players' Association
 - iii. Selection in a national representative team by an Australian Sports Commission (ASC) supported National Sporting Organisation
 - iv. Selection in a national league team competing in an ASC supported national competition eg. Australian Volleyball League and National Water Polo League
 - v. Selection in a state representative team by an ASC supported State Sporting Organisation.
- b) Individuals who have qualified to compete at ASC supported national championships may also be eligible for elite athlete recognition and should provide confirmation of entry into the relevant national championship by their State or National Sporting organisation.

Faculties and graduate schools may also require additional application forms to be submitted when seeking flexible study arrangements.
