

Intercollegiate Swimming Carnival 2026

Friday 17 April
Melbourne Sports
& Aquatic Centre

THE UNIVERSITY OF
MELBOURNE

CARNIVAL FORMAT

The 2026 College Swimming Carnival will be held under the same revised program and rules as per the changes enacted in 2014. In 2024, mixed relays in the freestyle and medley were added to increase participation opportunities and increase our footprint toward gender parity.

Prior to 2014 there was a 'Heat-Final' system where swimmers were required to swim up to 8 races in an evening, with some swimmers racking up significant distance over the course of the event. This led to fatigued swimmers, slower swimmers and a greater burden on their shoulders.

The updated format means every race is a timed-final. Each swimmer will be ranked against others in that event before being allocated points to the Overall Championship. Each swim, in every race, is important.
