

# SWIMMING

# ICSC SWIMMING RULES

last amended March 2023 by MU Sport

Swimming will be conducted according to the rules of FINA, with specific ICSC exceptions listed below.

## EVENT FORMAT

Swimming should be contested as a Carnival over a one-day period. The lane draw shall be determined using the Official ICSC Random Draw for the current year.

Each competing college must submit a list of competitors for each race to the Melbourne University Sport's Sport Development Office by the due date.

A program specifying the event schedule and competitors shall be produced by the Host for all heats, with a table included whereby finals results can also be completed.

The events to be contested for both Men and Women are as follows:

- 50m Freestyle
- 100m Freestyle
- 200m Freestyle
- 50m Backstroke
- 50m Breaststroke
- 50m Butterfly
- 200m Individual Medley
- 4x50m Freestyle Relay
- 4x50 Medley Relay
- Mixed 4x50m Freestyle Relay
- Mixed 4x50m Medley Relay

All events will be run as 'Timed Finals' with swimmers being ranked for final placing by finishing time across two heats.

## TEAM SIZE & ELIGIBILITY

Each college may enter two residents in each individual event, apart from the 200m IM where one resident per college may be entered. A college may only enter one team in any relay event.

Entry is restricted with each competitor permitted to enter in no more than three individual events and three relays, with a maximum of five events in total.

Mixed relays will consist of two competitors from each gender. Competitors are free to compete in all College sports in a manner which best reflects their gender identity.

No substitution of competitors is permitted within 24 hours of the Swimming Carnival and between heats and finals in individual events.

Any breach in the number of events competed in by a single athlete will result in the disqualification of this competitor from all individual/relay events where they have exceeded the four event limit.

**Per ICSC rules, each college is permitted to have up to 20% non-residential representation in their competing squad.**

## EVENT OFFICIALS

The Melbourne University Swimming Club should be engaged as Event Managers for the Carnival. Qualified officials should be sourced from Swimming Victoria or the venue (Starter, Electronic Scoreboard Operator and Lifeguard) to assist in the management of the event. Each competing college will be required to provide two officials to supplement the qualified officials, as determined by the Host. These officials will be required to act as judges and timekeepers.

The Host shall provide officials to record results of Heats and to maintain a running score of results for the Finals. Official result sheets should be prepared for each event. Once an event has been completed, the results should be noted by the official and taken to the host to note results. The sheet should list the event, name of competitor, college, finishing position, and time or distance.

## ICSC POLICIES

All ICSC Policies and Procedures must be adhered to by all participants. Designated Team Captains and College Sports Representatives are also expected to ensure their College participants are aware of all relevant policies and procedures and act accordingly. For more information, consult the ICSC Handbook.
