How to get there

Driving to Mt Buller is easy along good sealed roads all the way. The distance from Melbourne is 187km to Mansfield or 237km to Mt Buller. Drive through Yea along the Maroondah Highway to Mansfield and then to Mt Buller. At Mirimbah at the base of the mountain you will be required to pay a gate entry fee, see <http://www.mtbuller.com.au/Summer/plan-your-visit/getting-here/drive> for current rates.

Chains must be carried by all cars that pass the gate so hire them in Melbourne, Mansfield or Mirimbah on the way. Fines apply and you may be refused entry if you don't have chains. At the car parks 4WD over snow vehicles can meet you and take you to the lodge door. You can leave the car in town if you prefer. Mansfield Mt Buller Bus Lines provide regular services from Mansfield, Merrigig and Mirimbah, all co-ordinated through to your lodge. This means no chain hire and no mountain driving.

General Useful Information for a Ski Holiday

Weather and Snow Conditions

For up-to-date weather and snow information, visit www.mtbuller.com.au or call the Snowline on 1 900 933 333.

Equipment

It is a large undertaking to be adequately equipped for skiing or boardriding, but the pleasure, comfort and security are worth the effort. For the maximum results, equipment must fit properly and be waterproof. Be sure that the equipment is up to date and to current safety standards. If you have your own gear or are going to purchase any, see a certified technician at your local ski store. For those who do not have their own equipment & ski clothing, Mt. Buller has attractive ski, cross country and boardriding equipment rental packages. Wrist guards are recommended for snow boarders to reduce the risk of injury to the wrist area.

Clothing

Wear clothing that can be adapted to any weather change. A sunny day can quickly turn into a windy, wet blizzard. The key is to wear layers of clothing so that they can add or take off to accommodate temperature and condition changes.

The following is a checklist of necessary ski and snowboard clothing:

Insulated/waterproof Jacket, Long Underwear, Skivvies, Sunscreen/lip protector, Jumpers, Ski Pants, Hat & cap, Warm high leg socks, Goggles and Sunglasses, Gloves or mittens and thermal wear.

The more that's waterproof and contains wool or Gore-Tex or Entrant the better!

Health & Well Being

A good night's sleep and a well-balanced breakfast, before skiing, will help all day. It is important to drink plenty of fluids since skiing and boardriding can be quite strenuous. Make sure sunscreen is applied to exposed skin, even on days of bad weather. Alcohol and snowsports do not mix. This combination can be lethal.

Safety

If you are new to the snow or need assistance in improving faster, Mt. Buller's instructors specialise in teaching young children right through to adults. They provide a fun atmosphere with quality instruction. Instructors ensure that you learn how to ski safely. There are professional Ski Patrollers to look after your safety as well.

Medical Centre

In the event of illness or injury a fully equipped Medical Centre is available on the mountain, staffed by experienced Medical Practitioners and Registered Nurses.
