

## **Background**

Melbourne University Sport (MU Sport) manages the University of Melbourne's Sports Precinct and its associated facilities. MU Sport provides access to these facilities to affiliated clubs, whilst also managing the use of facilities by other University stakeholders.

## **Allocation of Facilities**

In managing the booked facilities of the Sports Precinct, Melbourne University Sport will use the following guidelines:

1. MU Sport facilities can be provided for the purposes of agreed training and competition for fixtured community competitions for competitive sporting clubs
2. MU Sport facilities can be provided for the purposes of agreed activities (up to two peak sessions per week) for instruction/training for instructional clubs
3. Facilities provided will be primary facilities required directly for participation in fixtured community competitions (i.e. an oval and cricket nets for cricket; a basketball court for basketball, etc) and/or for instructional activities (i.e. available flat-floor space)
4. Clubs can priority book additional MU Sport facilities at the hire rate of 100% of the Student/Member Hire Fee or 50% of the All Users Hire Fee where appropriate – see Appendix 1 for hire rates
5. On-campus storage may be provided for clubs where practical and depending on available space and club activity
6. MU Sport facility bookings are generally on-going, and will be communicated to clubs in November for the following year. Amendments can be requested at any time, but are subject to availability
7. Any club facility booking no longer required by a club and not cancelled with a minimum of 72 hours notice (except in the event of cancellation due to inclement weather) will be charged at 100% of the Other or All Users Hire Fee.
8. MU Sport reserves the right to cancel any facility booking and/or alter storage access arrangements, and will endeavor to provide a minimum of two week's notice in such situations.
