

ANNUAL REPORT

Melbourne University Sports Association

2004

www.sports.unimelb.edu.au

2004 proved to be a landmark year for sport and recreation at the University, with notable highlights being:

- The first full-year of operations for the refurbished Beaurepaire Centre;
- The success of Team Melbourne at the Australian University Games - winning the overall title after many years of close seconds;
- The great success of our clubs in their various regular competitions;
- The growth in participation numbers in our Group Fitness program; and
- The growth in all areas of revenue, increasing by 16% compared to 2003.
- Since 2000, we have increased overall revenue by 60% and fee - for - service revenue by 120% and allocated over \$4.4 million in capital expenditure towards facilities and equipment.

The Beaurepaire Centre opened in late January, and during the course of the year membership numbers and revenue greatly exceeded expectations, reflecting the positive impact of the new facilities. The refurbishment won the 2004 Lachlan Macquarie Award for Heritage by the Royal Australian Institute of Architects and congratulations must go to architects Allom Lovell & Associates for delivering an outstanding facility for the University. Melbourne University Sport is also grateful for the substantial financial contribution made by the University to the costs of the refurbishment.

Mark Lockie, Director

DIRECTOR'S REPORT

Team Melbourne – the team representing the University at the Australian University Games – took out the overall title for the first time since 1997, after many years of close second placing to Sydney University. Team Melbourne also won the Southern University Games, the Australian University Snowsport Championships, the Australian University Rowing Championships and a number of other individual Australian University Championships. This represents an outstanding year for inter-university sport and thanks go to the Sport Development team within MUS, the coaches, Team Managers and other support staff who made these results happen.

Our clubs provided opportunities for more than 7,000 members to participate in sport at all levels. A number of clubs are the biggest in their sport in Victoria, and in some cases, Australia. Highlights included:

- Boat Club Head Coach, Chris O'Brien coached Athen's Olympic Gold Medallists James Tomkins and Drew Ginn. After nine years with the MUBC, Chris has been appointed Head Coach at the VIS and we wish him well in his new position;
- Boat club members Cait Oliver and George Gelbart achieved Olympic selection;
- The Men's Basketball team won the Victorian Basketball League Premier Division;
- Cricket club members Brendan Joseland and Brett Harrop both made their first-class debuts for Victoria;
- The Football Club won 5 premierships including the University Blues win in A Grade of the VAFA.

MUS provided significant financial support to sport, which included over \$500,000 in financial assistance to clubs, over \$400,000 as a subsidy towards the cost of participation in Australian University Sport events, plus in-kind support through the provision of facilities at no cost. The club members themselves generated an additional \$1m to maintain their club's activities.

In 2004, we enhanced our scholarship support to student athletes through the provision of new High Performance scholarships. These scholarships were awarded to seven athletes all of whom competed at World Championship level in their sport during the year.

Reflecting the great success in all our programs, the Group Fitness program reversed the trend of declining participation numbers and increased the overall attendance to 47,000 compared to 42,000 in 2003. A new dedicated group fitness venue was opened during the year and many new classes introduced. We conduct a weekly program of more than 60 classes during semester, which is easily the highest of any fitness facility in Melbourne.

Whilst building on the successes of 2004, our major challenge in 2005 is to devise a strategy to source the significant amounts of capital required to develop an adequate level of sports facilities at the University. More than \$8m is necessary to address the needs of the existing facilities and a further \$15m is required for a new indoor sports centre if we are to solve the shortage of multi-purpose indoor space.

The prospect of the Federal Government introducing legislation during 2005 that would prevent Universities collecting amenities and services fees is of great concern. The allocation to MUS from the University's Amenity and Services Fee fund provides us with almost 50% of our revenue. The loss of this funding would create a severe disruption to sport and recreation at the University, and we will be working with the University to identify strategies to address this critical issue.

I would like to thank all the MUS staff, all of whom are great supporters for the vision of Melbourne University Sport. The MUS team is an enthusiastic group and a pleasure to work with and I look forward to working with them to ensure another successful year in 2005.

GROUP FITNESS

Melbourne University Sport ran 2067 classes with 46,750 participants attending Group Fitness in 2004. The opening of our Lazer Room and MindBody Studio during October was a welcome change with the two rooms now housing most of our Group Fitness classes and Wellness program.

Semester 2 saw the launch of Les Mills Body Step program. This program replaced the Step Basic classes and has proved to be popular right from the start. Body Pump continued to be one of our strongest programs throughout 2004. Pilates and Yoga continued to be popular even during our reduced timetables.

We welcomed a few new instructors to our team in 2004 and saw the return of many long-term instructors who make up a very experienced and professional team.

Thank you all for your support in 2004 we look forward to seeing you with an exciting timetable on offer in 2005.

Ange La Scala
Group Fitness Officer

STRENGTH & FITNESS GYM

In 2004, the Strength & Fitness Gym moved to the refurbished Beaurepaire Centre along with the re-opening of the pool. The relocation proved to be an instant success. Previously, the gym averaged some 2800 new registered users per year (since 2000). In 2004, the number of new users grew to 3680. This was made possible by a significant increase in space, from 350 square meters to almost 1000 sq m, allowing for more exercise equipment (from 22 to 52 cardio machines) to accommodate the extra users. This resulted in a 76% increase in gross revenue. Along with the increase in equipment levels, we also supplemented our staffing levels to service the increased user group. Total staff numbers are now more than 20.

Kon Kakris
Fitness Centre Manager

FITNESS/GYM/SHORT COURSES

SHORT COURSES

The Short course program for 2004 proved successful, with over 350 participants enrolled in 12 courses held on and off campus. The opening of the Beaurepaire Centre saw the re-introduction of swimming short courses. Courses ranged from Sport & Fitness, Mind & Body and Dance, with Tennis and Pilates proving to be the most popular courses. The addition of the Lazer Room and MindBody studio has assisted in running a larger number of short courses in our own facilities for 2005.

Pilates, MindBody Studio

BodyStep, Lazer Room

Team Melbourne had its most successful year in its history of competing in Australian University Sport events in 2004. Student teams won seven Regional Championships and nine National Championships.

The highlight of the year came at the 2004 Australian University Games in Perth (26 September – 1 October) where Team Melbourne was able to recapture the title of Overall Champions for the first time since 1997. Teams winning National Championships at the Games were Cycling, Diving, Netball (Mixed), Swimming and Tennis (Women). Our Cycling team won their third consecutive title, while our swimmers became only the third team to win the National Championship in over 50 years!

Top three placings and numerous medals were also won in Athletics, Australian Rules Football (Men), Basketball (Women), Hockey (Women), Kendo and Tae Kwon Do at the 2004 AUG.

In other Australian University Championship events, Team Melbourne won national titles in Fencing, Rowing, Snow Sports and Table Tennis (Men). Our students also placed in the top three at Australian Rules Football (Women), Duathlon, Long Distance Running, Orienteering and Table Tennis (Women).

Thirty-six student-athletes were recognised for their outstanding individual performances at the 2004 AUG and AUC's through selection in the Australian University Sport Green & Gold teams for their respective sports (see Appendix A).

UNIVERSITY SPORT/TEAM MELBOURNE/CAMPUS SPORT

At a regional level, Team Melbourne won the Overall Championship at the Southern University Games held in Geelong (5 – 8 July) for the third consecutive year. Regional titles were won in Badminton (Women), Hockey (Men), Netball (Women), Rugby 7's, Table Tennis (Men), Ultimate Frisbee and Water Polo (Women). Combined performances from Southern University Games and Championships resulted in Team Melbourne being awarded the John Campbell Trophy – this was also the third successive year we have won this award.

On the international scene, four student-athletes were selected to represent the University of Melbourne and Australia at International University Sports Federation (FISU) events. Michael Robinson (Archery), Fleur Chew (Rowing) and Daniel Ervin (Tae Kwon Do) were selected to compete in respective World University Championship events, while Andrew Mock was selected to participate in the 2004 FISU Forum as an Australian student ambassador.

Once again, Team Melbourne proved to be the benchmark in University Sport participation and performances – both on and off the field in 2004. A special thank you goes to the numerous volunteer coaches, sport managers, officials and medical/management staff that supported University Sport during 2004. And finally, congratulations to the Melbourne University Sports Association clubs that promoted, recruited and championed our participation in Australian University Sport events. Collectively, all of these stakeholders made Team Melbourne the success that it was in 2004 (see Appendix B for Team Melbourne results in 2004 Australian University Sport events).

Sport Development Manager

Mixed Netball Grand Final Winners,
AUG Perth 2004

CAMPUS SPORT

Opportunities for students and staff to get active and have fun at lunchtime continued in 2004 through the Campus Sport program. Mixed volleyball and an outdoor soccer competition were both held for the first time over the summer season (January – March) and 34 separate eight-week competitions were contested over four seasons.

Numbers continued to grow in men's and mixed outdoor soccer, mixed netball and mixed volleyball competitions with 204 teams and 1680 participants taking part in the 2004 Campus Sport program.

Les Petsinis
Sports Coordinator

Campus Sport, Soccer
Grand Final Winners, 2004

Sixty student-athletes received financial and in-kind support through Melbourne University Sport and the Melbourne University Sports Association in 2004.

Seven elite student-athletes were recipients of the inaugural Melbourne University Sport High Performance Scholarships. Marc Douez, Tim Smith and Cameron McKenzie-McHarg received support for their representation in the Australian Rowing team at the World Senior Championships in Spain – Mark and Tim both won bronze medals in the Men's Lightweight Eight. Andrew Sirianni was a member of the Australian Freestyle Ski Team (Moguls) and competed on the Continental Cup circuit, while Cameron Rahles-Rahbula won gold medals at the 2004 Disabled Alpine World Championships. Lauren Breadmore received a scholarship to assist her progression on the WTA Tennis tour, while Mitch Anderson was the first Australian across the line and 11th overall in the Hawaii Ironman World Championship (see Appendix C for a complete list of recipients).

Friends of the Sports Association Scholarships were awarded to Amey Moors-Chantry (Diving), Andrew Mock (Skiing), Christian Fabris (Canoeing), Claire Baxter (Cycling), Joshua Fahy (Rowing), Lauren Jauncey (Athletics), Liesl Ischia (Diving), Mark Bormanis (Netball) and Philippa O'Donnell (Skiing). Melbourne University Sports Association also supported the attendance of three students at International University Sports Federation events (see Appendix D for a complete list of recipients).

Eleven other student-athletes selected to represent Australia in international competitions also received a Vice-chancellor's Elite Athlete Support Grant (see Appendix E for a complete list of recipients).

Melbourne University Sport awarded Coaching Development Grants to Chylloe Kurdas (Australian Rules Football), Shannon Bessell (Netball), Fiona Brown

Amey Moors-Chantry and Liesl Ischia,
Diving AUG 2004

ATHLETE SUPPORT/SCHOLARSHIPS, GRANTS AND AWARDS

(Netball) and Ben Sheppard (Kendo) to assist their coaching of Club and University Sport teams (see Appendix F for a complete list of recipients).

A further 16 student-athletes were awarded Team Melbourne Grants to assist them represent the University at Australian University Sport events, whilst 43 Strength & Fitness Grants were awarded during 2004.

With 2004 arguably being the University's greatest year of University Sport and Club sporting achievements, the number of Blues awarded was exceptionally high and the quality of sporting nominations for all awards outstanding.

Melbourne University Sport's Male Athlete of the Year was awarded to Cameron Rahles-Rahbula. Cameron, a leg amputee athlete, won gold medals in the Downhill and Super G events and a silver medal in the Slalom event at the 2004 Disabled World Alpine Championship. The Female Athlete of the Year was awarded to Mollie Hill who won a bronze medal at the 2004 U/23 World Rowing Championships in the Women's Lightweight Single Scull. Mollie also won two gold medals at the U/23 Australian National Championships and was part of Team Melbourne's successful crew at the Australian University Rowing Championships.

Cameron Rahles-Rahbula was also awarded the 2004 Lazer-Law Medal, named in honour of Dr Phil Law, Patron of Melbourne University Sports Association and Mr Alf Lazer, Honorary Treasurer of MUSA. In addition to his international performances, Cameron won the gold medal in the Slalom event at the Australian University Championship and was part of Team Melbourne who won regained the national Snow Sports Champions title. He was also named Young Victorian of the Year for his sporting achievements and work with disabled children in 2004. The Lazer-Law Medal is awarded annually for outstanding sporting performance and contribution to Club and/or University Sport.

Twenty-two MUSA clubs shared 73 Full Blues and 48 Half Blues which were awarded across 25 Australian University Sport competitions in 2004. The Boat Club received 22 Full Blues for their domination of the Australian University Rowing Championships, while the newly reformed Swimming Club won six Full Blues after their comfortable victory at the Australian University Games. Australian Rules Football, Cycling and Hockey each won five Full Blues, while Athletics and Tennis won four (see Appendix G for a complete list of Full and Half Blue recipients).

Rod Warnecke
Sport Development Manager

Cameron Rahles-Rahbula
2004 Lazer-Law Medalist
2004 Male Athlete of the Year

2004 marked the centenary year of the Melbourne University Sports Association. From its beginnings as an association of the football, cricket and athletic clubs in 1904, the Sports Association clubs now provide outstanding opportunities to both male and female athletes in over 45 different sports.

In its Centenary year, the Sports Association and its Clubs, with the strong support of Melbourne University Sport, achieved incredible success in both University and club competition. This success included the titles of overall champion at the Australian University Games and Southern University Games, as well as success in Club competitions with notable achievements being the Football Club's five Premierships (including the VAFA A Grade victory by the Blues), the men's Victorian Basketball League and Women's Baseball Premiership. More details of our clubs' activities are outlined in the following pages.

There were also numerous individual achievements by University athletes, including Australian representation at World Championship events. Some of these athletes were recognised with Blues Awards for their achievements in 2003 at the annual Blues presentation and dinner held at Ormond College. We were fortunate to have the Honourable Justin Madden, Minister for Sport, as our guest speaker this year along with Peter Antonie, President of the Boat Club and Olympic Gold Medallist.

2004 also saw the opening of the refurbished Beaurepaire Centre. Though the heritage aspects of the Centre have been preserved, inside it is now a first-class gym and fitness facility, which provides great benefit to the University Community. The re-opening of the pool has also led to the re-formation of the Melbourne University Swimming Club – which went on to achieve a resounding victory at the Australian University Games.

MUSA PRESIDENT'S REPORT

On 30 April 2005, the Sports Association will hold a gala dinner to celebrate its Centenary milestone at the National Gallery of Victoria. The patron of the event will be Justice John Winnecke, President of the Court of Appeal and Football Blue with guest speaker Richard Pound QC, President of the World Anti-Doping Authority and IOC member. The Centenary Dinner will be a fantastic opportunity for the University's current athletes and alumni to celebrate 100 years' of sporting excellence.

This event marks the culmination of a year of centenary celebrations, which included the launch of *The Ties That Bind: A history of sport at the University of Melbourne* by Dr June Senyard and a Centenary Ball, which was held in second semester. All who attended the book launch will remember the moving speech of Dr Jim Peters in which he recorded his experience of sport at the University during the depression years. It is sharing memories like that that helps us realise how fortunate we are to have the benefit of the facilities and opportunities now available.

At the end of what has been a stellar year for University Sport and the Sports Association, I would like to thank everyone who has contributed to sport at the University this year – athletes and office bearers at all the clubs, the tireless enthusiasm of the team at Melbourne University Sport and all those who have been part of the MUSA Executive and Sport and Physical Recreation Committee. Without the combined contributions of these people, the success of the Sports Association in its centenary year would not have been possible.

Belinda Hoff
President

Belinda Hoff
MUSA President 2004

Aikido

The Melbourne University Aikido Club is one of the largest Aikido clubs in Australia. Aikido is non-commercial and non-competitive, although our club participated in a wide range of events and activities that included sending representatives to the national winter and Summer School, performing public demonstrations, arranging special trainings and much more.

Athletics

MUAC women continued to lead the way in the 2003/2004 summer season by winning the State Association Final and the Venue (Aberfeldie) final. At the Victorian State Championships MUAC women were the proud recipients of the Phyllis Cantwell Shield for the best aggregate performance by a club. The men also had a successful year contesting the Venue Finals but not faring so well at State League. Both men and women had success at the Victorian relay titles.

CLUB HIGHLIGHTS

MUAC also fielded strong teams across several divisions in the winter season. The men's division 1 team had a very consistent season to finish third, Division 7 were undefeated throughout the season and easily won the division, whilst Division 5 were a close second. The women's Division 1 team were also consistent to finish third, whilst in division 3 the women also finished 3rd.

Badminton

In 2004, membership numbers exceeded 200 once again. Great performances by the men's team grabbing the silver and the ladies the gold at the Southern University Games. In the Australian University Games, the men finished 5th, two places higher than the previous year and the ladies in 4th place.

Baseball

The University of Melbourne Baseball Club was promoted to A Grade in 2004 after the first nine won the B Grade Premiership in 2003. For the first time in many years the first and second nines were required to use wooden bats which created lower scoring but closer more exciting games. The highlight of the season was the victory by the club's women's team in the Grand Final after finishing the regular season in fourth place. The men's teams were competitive in their grades without a stand-out performance by any one team.

Basketball

2004 was the year Melbourne University Basketball Club proved itself as the force to be reckoned with when our VBL Premier Division men's team took out the VBL Grand Final. In addition to the men's success, our WVBL team made the playoff in their first season in the VBL competitions. Our programs have grown with record numbers of players competing in our men's program and our women's program enjoying success in 4 domestic competitions. We continue to compete as regional and city tournaments as a club and held a very successful 3-on-3 tournament in March. The success of the silver medal winning women's team at the AUG games is also something we are very proud.

Boat

The Melbourne University Boat Club (MUBC) once again came through a successful season as Victoria's Premier Senior Rowing Club in 2004. The Club had representatives from local regattas to Olympic Games. MUBC had members involved in medals at all these events and results included Bronze medals at World Championships and gold at Olympic Games. Melbourne also won the Australian University Rowing Championships.

Cricket (Women)

The 2003/04 season produced a number of good individual and club performances. Wicket Keeper Rachel Derham won the VWCA B-west Grade keeping award for most dismissals. Vibeke Pedersen finished second in the batting and third in the bowling averages for the grade. Katie Derham also featured in the bowling averages finishing ninth. The team finished fifth overall, narrowly missing out on the finals birth.

Cricket (Men)

The 1st XI reached the semi-final stage and was defeated by the eventual premiers. The highlight of the year was the 3rd XI premiership. The 4th XI also reached the semi-finals. Brendan Joseland and Brett Harrop both made their 1st class debuts for Victoria. For the third year in succession, Joseland was selected in Cricket Victoria's Premier Team of the Year.

Cycling

The Cycling Club underwent some exciting changes in 2004, including the development of a new road cycling team. The new team performed exceptionally, winning both the Victorian Team Time Trials and the cycling component of the Australian University Games. Members have continued the club tradition of competing in both National and State rounds of all disciplines of Mountain Biking.

Dancesport

The club grew to 551 members in 2004. Some of the highlights include: 20 hours of classes held per week in six different dance styles; 147 DMA medal exams were completed from Bronze to Gold Star levels in four dance styles; 15 of the 21 events won at Intervarsity Championships against Monash University; three couples sponsored in professional competitions and a weekend camp, eight socials and numerous demonstrations were also organised.

Fencing

In 2004, many of the beginners started to represent the University at competitions. Our experienced fencers continued to shine at State and National Competitions through the year.

Football (Women)

In 2004, Divisions 1 and 2 were grand finalists and Division 3, only new and after struggling for numbers, had their first victory. The club also played two matches on the MCG. One of these games was a prize in the TXU Bloodbank Challenge. The biggest women's football club in the country, the Muggers, was also named TXU Community Club of the Month. We participated in the Southern University Games as well as the National Women's Football Championships, where we had 7 players represent Victoria and one named in the All-Australian Team.

Football (Men)

The MUFC had one of their most successful years ever, with five premierships. University Blues won the A Section VAFA Premiership, losing only 2 games for the season. Senior Captain Quinton Gleeson won the Woodrow medal for the A Grade competition best and fairest player and rookie coach John Kanis was named VAFA Coach of the Year. University Blacks had an undefeated season winning the D1 premiership. The University Blues Reserves and Club 18, and Blacks Reserves also won premierships.

Golf

At the end of 2003, the MUGC team placed a highly respectable 3rd in the AUCs at Bendigo, with only four of a potential seven players competing. We had 2 Green and Gold selections in Jason Valente and Linda Pawley. In July, Xavier Duthie and Mark Chicu flew to Scotland to compete in the Boyd Quaich Invitational Tournament over the Old and New courses of St. Andrews, with Xavier finishing the top Australian in 19th place.

Hockey

MUHC had 12 mens, 9 womens, 3 veteran's and 4 junior teams playing in the winter season, with 12 of these teams playing in finals. MUHC finished with 3 premierships from the 7 teams playing in grand finals. The club also fields 14 teams in competitions around Melbourne over the summer. Club membership continues to exceed 500 members.

Horseriding

Although the club organised fewer events in 2004 than in the previous years, participation at events has increased and the club has introduced many new members to the sport and helped experienced members improve their skills. We have continued to entice many international students and allow all our members to participate in the sport in many parts of the Victorian countryside.

Inline Skating

The Inline Skating Club had a successful year in 2004, highlighted by strong turn outs at all skating events. The range of activities included the skate hunt, beginner, city, beach and adventure skating. The inclement weather never stopped the club 'rollin' forward with indoor skating events such as ice and rink skating organised. The Club also ventured out for a midnight skate this year.

Karate

In 2004, MUKC members competed in three major tournaments: Lion Bushido, Australian University Championships and the National All Styles Karate Championships. Members won medals in both sparring and Kata Competitions and won the Bushido and the N.A.S. The club continues to provide high-quality, low-cost martial arts training to Melbourne University students. As a reward for this and years of hard work, our Chief Instructor, Alex Albert was awarded his 5th Dan Black Belt.

Kendo

The club's strong competitive year was highlighted by John Teo's KYU Grade individual 2nd place at the Victorian Championships and our KYU Grade team victories at the Victorian Championships and at the Australian University Games. 120 beginners set a record Beginners' Course attendance and our annual camp in Ballarat continues to be popular.

Kung Fu

The Kung Fu Club arranged a variety of activities for members in 2004. There was a get-together barbeque early in the year where all the new people were introduced to the more senior pupils of the school and discussed different aspects of the school. We also had a successful movie night with the new hit 'shaolin soccer' as the main feature of the night. Semester 2 was focused on our Sifu Barry Pang's 30th teaching anniversary where we performed the different styles of kung fu we teach at the school and also featured a lion dance segment. Overall, we had a successful year at the club and we look forward to next year's training.

Lacrosse

Formed in 1883, the Lacrosse club is one of the oldest sports clubs in Australia. We field men and women's teams in the Lacrosse Victoria competition.

Mountaineering

The Melbourne University Mountaineering club organised trips over most weekends of the year for all 9 sports, with longer trips during the semester breaks, including mountaineering trips in New Zealand over summer and canyoning in the Blue Mountains during spring. Caving, kayaking and bushwalking all took place in Tasmania throughout the year. Club members have competed successfully in canoe polo, rogaining, paddling and climbing competitions, and have also participated in many non-competitive activities.

Netball

The 2004 season was a great period of growth and success for the club. The numbers of teams increased to 17, two premierships were won and half of the teams made the final series. Success was also achieved at intervarsity level with the mixed team winning the Australian University Games competition and silver at the Southern University Games, while the women won the AUG and placed 5th at the AUG.

Rugby Union

2004 was a strong rebuilding year for the club with the highlight being the Third Grade's premiership win, defeating Monash University, as well as being the Minor Premiers. The AUG side performed strongly, almost defeating Sydney University and improving on the previous year. Club administration and coaching is strong with an experienced volunteer base and the club has generated significant new sponsorship support.

Rugby Union, AUG Perth 2004

Rifle

This year the clubs activities reflected the growing interest in Air-rifle target shooting. The Rifle Club participated in all State level competitions available to its members and as a result several of our senior members took high placings within their grade. Two of our newer members (including one novice) participated in a state competition level as well. As a result of these efforts the Melbourne University Rifle Club teams achieved successful results in the Victorian state Air Rifle Pennant, The Victorian State Smallbore Pennant and the 'Presidents 1200' individual events.

Sailing & Windsurfing

A number of camps were held throughout 2004, which included non-competition or 'friendly' races between Melbourne University students. Members of the club made an entry in the 2004 Sydney to Hobart Race, finishing a creditable 25th overall in some of the most difficult conditions encountered in years.

Ski

The Ski Club regained the Australian University Snowsport Championship for the University in 2004 and offered many opportunities for skiers of all levels of ability to enjoy their sport.

Snowboard

2004 was an excellent year for MUST, again offering 6 trips for the season. Our beginners' weekends to both Mt Hotham and Falls Creek were in high demand and with a total of 130 participants for the season. "MUSTies" were active contributors to the success of Melbourne University in regaining the Australian University Championship title for 2004.

The annual 10 - day getaway included visits to key resorts: Mt Hutt, Treble Cone, Cardrona, The Remarkables and Coronet Peak.

Soccer

Good on-field performances by the Rangers Senior team finishing 4th and missing promotion to State League 3 by only one point. The Rangers Reserves were runners-up, also missing the title by just one point. The top women's team had another good year finishing 3rd and just missing promotion, while the Blues Reserve team, like the Rangers, finished runners up.

Softball

The Melbourne University Softball Club competed in the Melbourne Softball Association 'Wet & Wild' Winter Season at Fawkner Park, placing fourth in the overall competition. Our season also included success in the Southern University games in Geelong, where the team qualified third and secured a place in the Australian University Games competition in Perth in September. Against tough competition, we placed third again. A number of Melbourne University players also trained and qualified to play in the Melbourne Open Team, an opportunity made available through the Melbourne Softball Association.

Squash

In 2004, the club pennant teams had great success in capturing 3 premierships and 2 runner-up flags. For the second time in as many years, the club received an award for the best performing club in the Southern Squash League. Our regular social squash for beginners event again generated great interest with up to 30 participants on some nights.

Surfriders

Many weekends were spent in 2004 travelling Victoria's coast. Some of the memorable ones included: Torquay, Bells Beach (over 100 people attended to brave the cold), Wye River, Bancroora and Phillip Island. The biggest and most exciting event was competing at Wollongong (NSW coast) at the AUC for 2 weeks.

Swimming

From an initial squad of 6 swimmers to a 19-member team winning swimming championships at the Australian University Games 2004 in Perth, the swimming club had a tremendous year in its first year back from recess. Our social highlight was our first-ever Trivia Night where 50 people used their brains and bodies to win prizes. Huge thanks to our coach Dave Chambers for all his efforts.

Table Tennis

Highlights in 2004 included: men's gold medal at the Southern University Games and Australian University Championships, women's silver medal at the AUC and at the Melbourne University Table Tennis Championships.

Tae Kwon Do

The Tae Kwon Do club cemented its position in university-level Tae Kwon Do, coming overall 2nd in the Australian University Games. With 19 competitors representing the University at the Australian Tae Kwon Do Open, Southern University Championships, Victorian Autumn Cup and Victorian Squad Selections, our club won 25 gold, 13 silver, and 7 bronze medals.

Taichi & Wushu

In 2004, the club participated in Orientation and the Festival of Nations held by MUOSS. On these occasions, Coach and Master Liu and Sam Gold performed individually as did other club members in Wushu and Taichi Chuan forms. The highlight of 2004 would have to be Master Hans visit to Australia from China. He specialises and instructs in the Praying Mantis form. He taught several workshops during his time here and paid a visit to one of our training sessions.

Women's Rowing, Boat Club

2004 was one of our most successful years. Our girls proved to be the best in the country, bringing home gold from the Australian University Games and our boys finished off the year with their best performance yet at the games. In regional competitions, MUTC won two regional flags. 2004 was a great effort from all members!

Touch

The Touch Club had a great year in 2004, culminating in the men's side achieving the best ever result by a southern state university at the AUG – 5th place. The Club also had over 10 players represent the state during the year and continued to be the biggest club in Victoria. The team hopes to play a bigger part in local A Grade finals in 2005, with the inclusion of a number of National Touch League players on the team.

Triathlon

The highlight of 2004 was the re-opening of the MUS pool, which enabled the new swim coach Dave Chambers to train members on campus again. This has really unified and strengthened the club with membership numbers continuing to grow. A strong core group of athletes are competing at short and long course triathlons from the University Games, state and national championships through to the world championships. Two of the longest serving members, Damien Angus and Mitchell Anderson both had very successful Uni Games in the cycling; coming 2nd and 3rd in the individual time-trial and 2nd in the team time-trial. They were part of the Cycling team which managed to secure 1st place in the overall category. Mitch Anderson also raced Ironman Triathlons internationally in 2004, coming 4th in Austria and 10th in Hawaii at the World Championships.

Ultimate Frisbee - The Ultimate Frisbee Club provides regular opportunities for social and competitive participation and also competes successfully at the AUG and AUG.

Underwater

Melbourne University Underwater Club benefited from two years of steady improvements and changes across all aspects of the club, from more regular diving in and around Melbourne, to the quality and number of interstate trips, social events and activities. These positive changes have attracted an unprecedented number of members to the club, fostering enthusiasm and increased participation rates.

Volleyball

After a very successful 2003, and the retirement of a number of key players, 2004 was a year for rebuilding and bringing through younger players. The Club again fielded a men's and women's team in the Australian Volleyball League and we were pleased to see the competitive performance of both teams improve. We fielded seven senior and two junior teams in the Victorian State League competition and a number of

social teams that competed in local competitions in Melbourne. Two of our women's teams – Division 1 and Junior women played in State League grand finals with the Junior women successfully taking home the winner's trophy and the Division 1 Women finishing a very close runners up. At the AUG, our men's team finished 5th and the women 11th.

Waterpolo

It was an improvement year for the club, with better performances in both Victorian Water Polo, and Australian University Competition. The highlight of the year was the Women finishing 1st place in this year's Southern University Championships, and the Men's 2nd placing in the same tournament.

Waterski & Wakeboard

The Melbourne University Waterski & Wakeboard Club was both busy and successful in 2004. The club ran numerous trips over the year, some of the highlights being the Wipeout Competition, the Australian University Championships, Summer New Members Camp, the Easter Trip and the Spring New Members Camp.

Weightlifting & Powerlifting

The Melbourne University Weightlifting and Powerlifting Club continued to compete at the highest levels in 2004, with 4 World Championship representatives and 6 Australian Championships. Student participation in 2004 was higher than previously, with student numbers increasing substantially and those members participating in local contests and club training.
