

2006 Annual Report

Another chapter in Melbourne University Sport's rich history was written in 2006, with a superb year of results, but in many ways the year will be seen as a turning point for sport at the University.

Federal Government legislation meant 2006 was the last year the University could collect a compulsory Amenities and Services Fee from students. Melbourne University Sport received roughly 50% of its funding as an allocation from the Amenities and Services Fee and this enabled MUS to provide affordable services and maintain and build sport facilities.

From 2007, this funding source will cease. The University, recognising the valuable contribution that sport and recreation make to student life, has provided 'transitional' funding of \$1.2m to replace the lost \$3m from the Amenities and Services Fee.

The resulting overall reduction in funding has meant that in 2007 we have increased membership prices in the range of 40 to 70 percent, cut funding to clubs from \$500,000 to \$160,000 and withdrawn all financial subsidies for inter-university sport.

Games for the third year in succession and the overall champion university for the year for the second year in a row;

- Over \$110,000 being allocated in scholarships for talented student athletes;
- Continued growth in membership nos using the gym, pool and group fitness facilities – a growth of 14% was achieved over 2005 revenue from these areas, and since 2003, these revenue areas have grown by 180%;
- Group Fitness attendances growing by 8% and breaking the 60,000 barrier for the first time – with revenue growing by 24% over 2005;
- Our facilities were utilised as a training venue for the Melbourne Commonwealth Games – the Australian Netball and Basketball teams ran training sessions, as did various members of the Athletics team. 100m world record holder Asafa Powell trained in the gym and our squash courts were used as an official training venue by the M2006 Organising Committee. Our contribution was recognised by the presentation of an Australian Commonwealth Games flag.

competing in the women's VBL Division 1 for the first time;

- 10 members of the Boat Club being selected in the Australian team as well as one coach, and two selected in the Australian under-23 team. An outstanding achievement was Kimberly Crow winning a bronze medal at the World Championships in her first year of rowing;
- The women's Football club playing in the firsts grand final of the VWFL;
- The Lacrosse Clubs mens' teams won their way through to the Div 2 and 3 grand finals;
- The soccer club fielding 4 teams in the Women's Premier League, making it the largest senior women's club in Victoria;
- The Touch Club winning its first premierships in the A grade men's and women's competitions;
- Members from the Powerlifting Club winning numerous state and national titles.

I would like to thank the continuing support from numerous people who all contributed to another remarkably successful year. These include:

director's report

It remains to be seen what impact these changes will have, but it is reasonable to expect that participation numbers will be impacted.

Another major impact will be our reduced ability to properly fund the maintenance and development of the sports facilities. At the end of 2006, our cash reserves are a healthy \$2.75m, but these funds are earmarked for two projects – an extension to the Boatshed and the rebuilding of the Pavilion. Our ability to generate surpluses in future years will be under pressure, and it's mainly through surpluses that we fund development of new facilities. This comes at a time when our facilities are lagging behind other comparable universities, and even many private secondary schools.

However, this somewhat pessimistic view is not meant to be fatalistic. We know the challenges we are facing and all involved in the promotion of sport and recreation at the University are committed to developing strategies to address these challenges. New and varied sources of income need to be developed, as are more creative ways of providing for our facility needs.

The reports that follow detail the many and varied achievements during 2006. Some of the highlights were:

- Team Melbourne being the dominant university in Australian University Sport events, winning the Australian University

Club members Claire Baxter (Mountain Bike) and Rosie Hooper (Athletics) gained selection in the Australian Commonwealth Games team.

Our sports clubs continued to provide participation opportunities for nearly 6,000 members and have ended 2006 in healthy financial condition. This was the result of concerted efforts by clubs to ensure they prepared for a worst-case scenario of no funding support in 2007.

Our clubs are the cornerstone of sport and recreation at the University, with a few reaching significant milestones soon. Three clubs celebrate their 150th year of existence in the next few years – the Cricket Club in 2007, the Boat Club in 2008 and the Football Club in 2009. In addition, the Hockey Club celebrates its Centenary in 2007. There would be few sporting organisations in the world that could boast such longevity in this range of sports.

The activities of our clubs are summarised in the following pages, but some of the highlights were:

- The women's athletics team winning the State championship for the 5th year in a row;
- The women's baseball team winning its third VBA premiership in a row;
- The basketball club fielded 20 teams in competitions during the year, with a team

- The dedicated and enthusiastic staff at Melbourne University Sport;
- Our grounds contractors, and commercial partners;
- Members of the Sport and Physical Recreation Committee, the Executive and Council of the Sports Association;
- The voluntary committee members of each of our clubs, and their team managers and coaches;
- The managers and coaches of the teams who make up Team Melbourne at Australian University Sport events; and
- The senior administration of the University for their continued recognition of the contribution sport and recreation makes to the University.

As the University continues to add to its considerable sporting heritage, it is sometimes easy to overlook the level of achievement of our student athletes. Many of our students achieve at very high levels in international and domestic sport whilst maintaining high standards of academic results. The ability of our students to balance competing high level demands makes me confident that our system is assisting in the development of outstanding individuals and future community leaders.

The University of Melbourne was again the dominant force in University Sport for 2006. Team Melbourne won numerous Regional and National Championships, including being crowned Australian University Games Overall Champions for the third successive year. The University was also crowned Australian University Sport Overall Champions for the second successive year (this award being for the most successful University across all combined National Championships and being awarded for only the second time).

At a regional level, Team Melbourne won titles in Men's Badminton, Baseball, Men's Hockey, Women's Hockey, Women's Netball, Women's Soccer, Softball, Men's Touch, Ultimate Frisbee and Women's Volleyball at the Southern University Games in Ballarat (3 – 6 July). Despite winning 10 of the 24 regional titles up for grabs (three more than any other university), the University placed second in the SUG Overall Championship due to the inequity in the Australian University Sport scoring system that rewards participation more so than performance. As no other stand-alone Southern University Championships were held in 2006, we also relinquished the John Campbell Trophy (for combined SUG

Team Melbourne Captains, Bryony Coleman (Athletics) and John Fedderson (Hockey) hold the AUG Overall trophy.

With the full impact of VSU heavily reducing our available support in 2007, our resolve to be the best University Sport institution in the country will surely be tested. We will continue to pressure Australian University Sport to provide better value in their delivery of events, and we will work with clubs to investigate alternate programs that will enable our student-athletes to compete in high-standard inter university sporting events whether intra-state, inter-state or overseas. Whichever programs we decide to compete in, we will continue our endeavours to be recognised as the leading sports University in Australia.

university sport team melbourne

and SUC results) – a trophy which we had held for the previous four years.

While missing out on the title of Southern University Games Overall Champions was disappointing, the real prize was on claiming a hat-trick of Australian University Games Overall Champions titles in Adelaide (24 – 29 September). And win the AUG Overall Champions title for the third successive year we did!

National Championships were won by Cycling – our fifth consecutive AUG title, Men's Squash– our second consecutive title, Swimming – our second in three years, and Women's Volleyball. Team Melbourne were Games runners-up in Athletics, Men's Badminton, Cross Country, Men's Match Play Golf, Men's Hockey, Kendo, Women's Netball, Women's Squash and Taekwondo. Bronze medals were also won by Men's Australian Rules Football, Women's Australian Rules Football, Women's Badminton, Men's Soccer, Women's Soccer, Ten Pin Bowling and Ultimate Frisbee. Numerous individual medals were won in Athletics, Cross Country, Cycling, Diving, Kendo, Rock-climbing, Swimming and Taekwondo (see Outstanding Individual Australian University Sport Results).

In other Australian University Championship events, Team Melbourne won its third successive National Championship for

Snow Sports (Alpine Skiing, Cross Country Skiing, Freestyle Skiing and Snowboarding) at Mt Buller. We also reclaimed the title of National Champions for Rowing at the International Regatta Centre in Penrith with a particularly dominant display by our women's team. We also won the inaugural National Championship for Adventure Racing at Lorne. Our students were also runners-up at the Australian University Championship for Orienteering.

Forty-eight student-athletes were recognised for their outstanding individual performances at the 2006 AUG and AUC's through selection in the Australian University Sport Green & Gold teams or being named as the Individual Champion for their sporting discipline (see Outstanding Individual Australian University Sport Results).

Team Melbourne again proved the benchmark for University Sport in 2006. The high standards of previous years were again reached, with participation and performance clearly ahead of all other universities around Australia. Our on-field success could not have been achieved without the enthusiasm and support of our volunteer coaches and team managers, our unequalled sports medicine and management support staff and the continued passion of our student-athletes and MUSA clubs to represent our great University.

Kim Crow, Rowing, High Performance Scholarship holder.

Eighty-seven student-athletes received financial and in-kind support through Melbourne University Sport and the Melbourne University Sports Association in 2006.

Eight elite student-athletes were recipients of the third year of Melbourne University Sport High Performance Scholarships. Cameron McKenzie-McHarg, Kim Crow, Marc Douez and Tim Smith received support for their representation in the Australian Rowing team at the World Senior Championships in Eton, England. Kim finished 3rd and won a Bronze medal in the Women's Eight while Cameron's Men's Eight just missed out on a medal by finishing 4th. Tim Smith also finished 4th in the Lightweight Men's Pair. Cameron Rahles-Rahbula represented Australia at the 2006 Winter Paralympics in Torino where he finished 14th in the Men's Slalom event. Mitch Anderson finished with the Silver medal in Ironman WA in Busselton Western Australia, after placing 35th at the Ironman World Championships in Hawaii. Lauren Breadmore played her sixth year on the WTA Tour in 2006, played in the Australian Open and reached a career-high ranking of 221. Chris Gronow made his senior debut for the Australian Water Polo team in the 2006 series against the USA.

athlete support & awards

Friends of the Sports Association Scholarships were awarded to Alice McNamara (Rowing), Amanda Holt (Shooting), Amey Moors-Chantry (Diving), Elli Wellings (Fencing), Phoebe Stanley (Rowing), Pip O'Donnell (Alpine/Freestyle Skiing) and Sam Beenie (Triathlon).

Melbourne University Sports Association and the Vice-Chancellor's Office also supported the Australian representation of four students at the International University Sports Federation's World University Championships. Amy Borbiro represented Australia in Softball in Chinese Taipei; Tom Larkins and Tom Paton competed in Rowing in Lithuania; and Kirsten Fairfax travelled to Slovakia to represent Australia in Orienteering.

Eighteen other student-athletes selected to represent Australia in international competitions also received a Vice-Chancellor's Elite Athlete Support Grant. Performances of note included Angela Darby representing Australia in the Junior Modern Pentathlon World Championships in China and the Senior World Cup in Italy; Phoebe Stanley winning a Bronze medal in the Women's Pair at the U/23 World Rowing Championships in Belgium; and Catherine McKay winning a Bronze medal in the Women's Epee at the Commonwealth Fencing Championships in Northern Ireland. In other grants, Melbourne University Sport awarded Coaching Development Grants to Hamish McLean (Touch) to assist his

coaching of Club and University Sport teams. A further 42 student-athletes were awarded Team Melbourne Grants to assist them in representing the University at Australian University Sport events, while 64 ScholarFit Strength & Fitness Grants for use of the Beaurepaire facilities were also awarded during 2006.

Individual, team and club sporting performances were once again exceptional in 2006. Australian University Sport events were dominated by Team Melbourne University for the third successive year. Boat Club members had outstanding results at an international, national and state level. The Volleyball Club was represented in the Australian Volleyball League, with the women's team making the finals. Basketball, Cricket and Football Clubs also competed in high-level state competitions, and our elite student-athletes continued to represent themselves and the University with distinction at various international events. The combined successes of our sports program have been reflected in the quantity and quality of Blues awarded for the year, as well as the high standard of sports award recipients.

to Phoebe Stanley who won gold in the Women's Four, Women's Eight, Mixed Four and Mixed Eight at the Australian University Championship. Phoebe also won a Bronze medal at the 2006 U/23 World Rowing Championships in the Women's Pair.

The Melbourne University Underwater Club was named 2006 Club of the Year for their outstanding delivery of scuba diving instructional courses and trips. The Club conducted a number of courses for open-water beginners through to rescue, advanced and dive-master certification. Trips included week-end visits to Jervis Bay, Mt Gambier and Brisbane as well as numerous locations around Victoria. With an impeccable safety record, best-practice risk management procedures and an inclusive membership culture the Underwater Club is recognised as a leading provider of scuba diving to beginners and advanced divers alike.

Tim Dolphin, Senior Coach of the Melbourne University Boat Club was named Coach of the Year for the second successive year. Tim coached a number of MUBC crews to medals at the National Championships, as well as the Victoria Youth Eight comprising five MUBC members to victory in the interstate regatta. Tim was also a coach on the Australian U/23 World Championship team where he coached the Lightweight Double Scull (including MUBC's Alice McNamara) to 5th place. To cap off a memorable year, Tim led Team Melbourne's female rowers to dominate the Australian University Championship, winning five of seven races and helping reclaim the National Championship for rowing.

The 2006 Lazer-Law Medal for outstanding club, university and/or international sporting achievement was awarded to Kimberley Crow. Kim began rowing just 18 months ago and won the U/23 Women's Pair at the National Championships at her first major regatta. Strong testing results at National Trials saw her bypass the U/23 squad and join the senior squad for the international season. Kim rowed in the Australian Women's Eight at World Cups in Munich and Poznan, winning a Bronze medal and placing fourth respectively. The crew then went on to win the Bronze medal at the season-ending World Championships in Eton, England. Kim capped off a wonderful year by leading Team Melbourne to Gold medals in the Women's Pair, Women's Eight, Mixed Four and Mixed Eight at the Australian University Championship, as well as helping the women's team to the Amanda Rose Bowl and the combined team to be named National Champions.

Rod Warnecke
Sport Development Manager

Twenty-three MUSA clubs shared 70 Full Blues and 59 Half Blues which were awarded across 32 Australian University Sport competitions in 2006. One Distinguished Service Award for outstanding and consistent service to clubs and/or to the Sports Association was also awarded by MUSA (Tim Mattingsbrooke, Hockey). Of the Blues awarded, the Boat Club received an incredible 19 Full Blues and six Half Blues for their domination of the Australian University Championship. MUSKI (Ski) and MUST (Snowboard) were awarded a combined total of six Full and five Half Blues for their third successive Snow Sports Championship. Hockey and Athletics were awarded a combined total of nine Blues, while Netball was awarded eight.

Our Snow Sports team, comprising alpine skiers, snowboards and cross-country skiers was awarded our University Sport Team of the Year for winning our third successive Australian University Championship. Melbourne University Sport's Male Athlete of the Year was awarded to rower Cameron McKenzie-McHarg. Cameron won gold medals in the Australian University Championship's Men's Four, Mixed Four and Mixed Eight. Cameron also placed 4th with the Australian Men's Eight at the World Championships in Eton, England and won a Gold medal and Bronze medal in World Cups in Poznan and Munich respectively. The Female Athlete of the Year was awarded

Aquatics

In 2006, Aquatics took over the running of the short course swim lessons and expanded the overall swimming program. The length of programs was increased and participation in adult learn to swim and stroke correction classes grew. The largest improvement in participation occurred with private lessons, which improved throughout the entire year.

Once again, the pool was used extensively by various clubs and external groups: Melbourne University Tri Club, Underwater Club, both Football Clubs, Cricket Club, various on-campus colleges, Carlton Football Club, and several secondary schools.

The Beaurepaire Pool joined the Royal Life Saving Society Platinum Pool Program for elite centres in the state. The program aims to recognise pools that strive to provide safe programs and practices. An internal SafetyMAP audit conducted in June was also very successful, with no non-conformances. The number of non-swimmers/weaker swimmers increased significantly in 2006, and changes to procedures were made to improve safety for these patrons.

Pool operations ran smoothly with no major faults or break downs to equipment. A new bulk CO₂ tank was installed and has made a significant improvement to the EH&S practices involved with CO₂ refills. A new ultrasonic level sensor system was installed in the balance tank, which has given greater consistency to water temp.

Craig Bamford
Aquatics Manager

Group Fitness

In 2006, Group Fitness ran 2,768 classes with 60,230 participants attending producing an average of 21.75 participants per class.

The East Stadium, Lazer Room, MindBody Studio and Cycling Studio housed the Group Fitness schedule, which included a variety of programs including Freestyle, Body Pump, Body Step, Hip Hop, Cycling, Yoga and Pilates.

Both Semester 1 and Semester 2 showed consistent attendance in all classes with our Tri (freestyle classes) showing a great improvement in numbers through out the year. Body Jam was the class to be at for those who enjoyed a funkier, hip hop style class.

Trends shifted a little towards the end of the year and Body Pump continued to be the strongest class for 2006, with Body Step a close second.

Group Fitness Short Courses took a positive turn in 2006 with everything from Salsa to Karate/Kickboxing booking out. By Semester 2, 6 short courses were run successfully.

Support for the Group Fitness Program in 2006 was overwhelming and we look forward to an exciting and extended Group Fitness Program in 2007.

Ange La Scala
Group Fitness Coordinator

Campus & Community Sport

Campus Sport continued to grow in 2006 with an emphasis on supplying students and staff with opportunities get active, have fun and socialise during their lunchtime.

Four seasons of competition were again offered throughout the year: Semester One, Winter, Semester Two and Spring. The previously popular sports of mixed netball, men's and mixed soccer, and mixed volleyball were again offered.

participate in the Around the Bay in a Day community cycling event. Training programs were provided through the internet and through sessions run by the Cycling Club. The event was a great success with 200 participating from the University.

Finally a big thank you to all the 2006 Campus Sport umpires/referees and the Around the Bay in a Day cycling instructors from the Melbourne University Cycling. Without their efforts each week, the Campus Sport program would not be as successful. See you during your lunchtime in 2007!

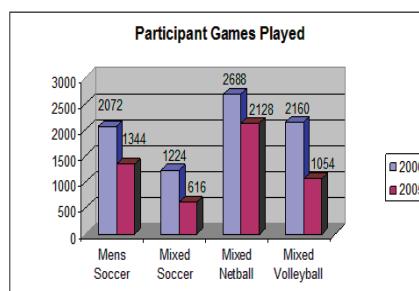

Kirstie Dench
Sports Coordinator

Strength & Fitness Gym

2006 was a year of consolidation for the Strength & Fitness Gym. Following on from the success of 2005, income continued to rise reflecting increased patronage. Despite the increasing demand, levels of customer satisfaction were at the highest

programs & services

Mixed basketball was offered as a new sport in 2006, but support was unfortunately low. The large growth in team entries across the program was reflected in the participant games played figures - 5,142 in 2005 to 8,144 in 2006 – more than 3,000 additional games played by Campus Sport participants (see graph below).

Netball proved the most popular sport with 45 teams entering into the competition throughout the year, while volleyball was not far behind with 42 teams taking the court. Each competition was hotly contested throughout the year, and it was this friendly rivalry, played in a fun and social environment that helped the program continue be appealing to students and staff alike.

For the first time in 2006, with financial support from the University's Marketing & Communication division, MUS organised a team from the University to

recorded, demonstrating the outstanding performance of the fitness staff. The appointment of James Garland as a Fitness Centre Coordinator had a measurable positive impact on the performance of the staff team and helped unify an already strong work unit.

With regards to facilities, 2006 saw a major overhaul of almost all the electronic equipment in the gym, overcoming previous service difficulties with the original equipment. The upgraded equipment has put MUS at a level where it competes with all other fitness centres on the basis of the quality of its facilities.

While the short-term impact of the VSU legislation is a rise in membership prices for 2007, MUS hopes to retain its strong customer base due to the quality of its staff and facilities and will continue to do everything possible to improve both.

Kon Kakris
Fitness Centre Manager

2006 was another highly successful year for the Melbourne University Sports Association amidst unprecedented pressure and uncertainty. The enactment of the Voluntary Student Unionism (VSU) legislation in December 2005 preventing the collection of compulsory fees from students for non-academic services has delivered a significant challenge to the ongoing operation and development of sport at the University. This challenge was met head-on by the concerted efforts of the Melbourne University Sport staff and the many volunteers that form the backbone of both the clubs and the Sports Association executive. It is thanks to their efforts in working with clubs to re-evaluate their financial and club management processes as well as their future funding needs, that none of our clubs will become inactive or significantly decrease their service offerings due to VSU.

It should also be recognized that the University has provided significant financial support in 2007 in lieu of the income lost due to VSU. Although

MUSA president's report

this support only partially replaces the Amenities and Services Fee income that has been lost and subsequently has required a significant decrease in club funding, without it, Melbourne University Sport and the 45 sporting clubs associated with this university would not be able to continue our tradition of both being successful in competition and playing a positive role in a student's university experience.

Ongoing support from the University for the Clubs and sport in general will continue to be necessary if we are to perform our "off-campus" role as an ambassador for the University and maintain our traditionally strong relationships with alumni and the general community.

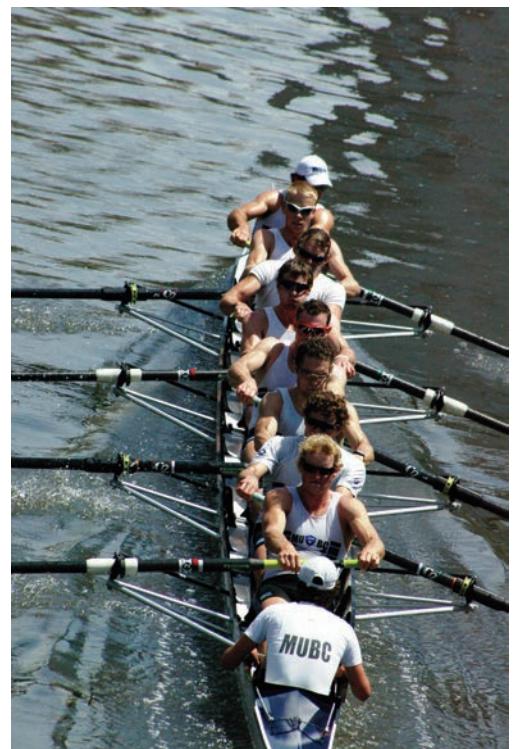

The other significant challenge facing many sporting clubs both at this university and in the general community is the need for sporting grounds as drought conditions continue to worsen in metropolitan Melbourne. The Sports Association recognizes the increasingly dire state of Melbourne's sporting grounds and the ensuing limitation on many of our clubs' activities. It is hoped that in 2007, the Sports Association, Melbourne University Sport and the relevant local councils are able to create strategies that will share the burden of

Sam Beenie, Friends of the Sports Association Scholarship holder.

Finally, I would like to take this opportunity to thank not only Melbourne University Sport and its staff for their efforts this year, but also the many volunteers and athletes who continue to make it possible for our clubs to exist. Equally important have been the efforts of the volunteers who I have worked with on the Sports Association Executive and the University's Sport and Physical Recreation Committee. It is a credit to you all that we have been so successful in the face of such unique challenges.

Hamish McLean
MUSA President

Boat Club Men's Eight in Melbourne Head Regatta.

ground limitations across all our clubs so that no single club is unable to engage in its activities.

On the field, court, water and ski slope, our competitive results have again been excellent in 2006. At the Australian University Games in Adelaide we were again crowned overall champions, winning convincingly over 2nd place Monash University and 3rd place University of Sydney. In similarly dominant fashion we also won the Australian University Championships for Rowing and Snow Sports. These excellent results are just reward for the significant efforts of both the staff of Melbourne University Sport and the many tireless volunteers that are the life blood of our clubs.

The Blues dinner in 2006, was another highly successful event and was held in the new members' stand at the Melbourne Cricket Ground. It was pleasing to see at the dinner an amazing cross-section of Blues representing every decade from the past 60 or 70 years.

In recognition of Melbourne hosting the Commonwealth Games in 2006, a highly entertaining and insightful open-panel discussion was held with five Blues who had represented Australia at the games in each decade of the past 50 years.

AIKIDO

Melbourne University's Aikido Club trains three times a week throughout the year with as a result a number of our 34 financial members successfully passing their grading examinations. Additional to this, our members have also participated in Aiki-kai's national Summer school taught by Sugano Sensei, world renowned Shihan and intervarsity training sessions with RMIT's Aikido Club

President: Kenneth Ng, Secretary: Ohad Kozminsky, Treasurer: Tasha Farhan

ATHLETICS

MUAC has representative teams in Division 1 of both the men's and women's competition. This year the women's team won the State Title for an historic fifth year in a row, with the men picking up the bronze medal at the state final. We were represented at the Commonwealth Games and through the European Grand Prix circuit. We were well represented at the National Championships picking up two gold medals. At the Victorian Championships club members gained 13 gold medals.

President: Daniel Quin, Treasurer: Terry Reade, Secretary: Bridgette Pateman

group of young learners and old hats who put in a number of good performances, but not enough to make it into September action.

President: Richard Simpson, Vice Presidents: Caroline Gregory, Quan Doan, Kirby Siemering, Secretary: Vibeke Pedersen, Treasurer: Katie Derham

BASKETBALL

2006 was another positive year for MUBC. At the Elite level, our women's team moved up to division 1 in the VBL, where they were competitive all season. With several players adjusting well to the higher grade, they will look to build on this for the near future. Our men's team faced a year of rebuilding, with the main highlight being provided through the performance of Andrew Olechnowicz, who was awarded All-Star 5 honours for the second consecutive year. Our most positive results were at domestic level, where we saw fantastic growth in the women's program, and consolidated our strong men's program, with close to 20 domestic teams competing from A-grade through to E-grade, and all 3 teams in our second-tier MMBL competition reaching finals. We have also had a strong year socially, increasing the number of social functions held and with increased participation by members at tournaments.

Baseballer at bat, Southern University Games.

2006 clubs highlights

BADMINTON

The Badminton club had a successful year with the men's team winning gold at the Southern University Games in Ballarat. At the AUG, exceptional performance saw both Melbourne University teams winning medals-silver for the men's and bronze for the women's. In addition three green and gold medals were awarded to Melbourne University players. The club also continued its run of success at the State Pennant, where the two MU teams finished second and third, and at the Central Badminton Association Pennant competition.

President: Peejade Cheng, Vice-President: Amy Cheuk, Treasurer: Jan Lin, Secretary: Alice Liu

BASEBALL

The highlight of the 2006 playing season for the University of Melbourne Baseball Club was the Threepetel! What can we say but congratulations to our women's team who won the premiership for the third year in a row defeating the highly regarded Panton Hill team in another enthralling grand final game 8-3. Our first nine won only 4 games for the year but with 5 draws were competitive in most of their games. The second nine finished 6th with 7 wins and a draw. Once again finishing tantalisingly close to a finals' spot. The thirds continued to be frustrated as they failed to capitalise on their good pitching and did not win nearly as many games as they should have. Our fourths comprised a

President: James Fidler, Vice-President: Eiko Anderson Secretary: Steph Canale, Treasurer: Matthew Hillbrich

BOAT

MUBC operated very successfully throughout 2006 at all levels including undergraduate, club, elite & masters. Membership numbers were up and the representations at elite level were our strongest for years. MUBC dominated the Victorian State Championships in 2006, winning 21 titles. The highlight was winning the Men's and Women's Open Eight. The talent search conducted along with RV, VIS and MUBC has proven very successful. The 2006 Australian Rowing Team had 12 MUBC members and one coach. This is a great result with 10 selected in the Elite team and 2 members in the Australian U23 team, with coach Tim Dolphin. In addition, Tom Paton and Tom Larkins were selected in the Australian University coxless four.

President: Peter Antonie, Secretary: Karsten Forsterling, Treasurer: Alex Danne

CRICKET (M)

The Club enjoyed a successful season overall, its depth of ability being reflected by its again running third in the Club Championship. The 1st XI was the only club seriously to challenge current powerhouse St Kilda as it surged to its fourth successive premiership. The loss by two wickets in the qualifying final could have gone either way.

The 2nd XI finished in the top three but had a disappointing finals series. The 4th XI also made the finals, only to bow out at the semi-final stage. Our debut in the Mercantile Cricket Association went smoothly and we look forward to a long participation in that competition.

President: Kevan Carroll, Secretary: Dr John Henley, Treasurer - John Jeffreys

CRICKET (W)

The 2005/06 season started well with two wins in the first three games. The season produced a number of good individual and club performances including Club wicket keeper Rachel Derham winning the VWCA B-Grade keeping award for most dismissals. A highlight once again was the opportunity to play on the University main oval. The season for 2006/07 has started well, with a number of players reaching personal milestones whether it be their highest score or number of wickets. In April 2006, the Club held a function to celebrate our 50 year anniversary which was attended by a number of past and present players.

President: Rachel Derham, Secretary: Ledene Ellis, Treasurer: Katie Derham

CYCLING

2006 was a quiet year for the MU Cycling Club. Some events such as the Club BBQ and road rides were successful. The Club represented at the Mt Macedon teams road

KUNG FU

In 2006, in addition to having an increased number of new members, we have also had a number of our senior members grade to blue and red belts, which represent a significant achievement in our grading system. We also had a large number of members interested in the future of the club, as can be seen from the increased number of members who turned up for the Annual General Meeting, and the lively discussions we had with regards to our future direction. We are certain that our club would be able to survive the oncoming VSU with our dedicated members, and successfully celebrate our 30th Anniversary.

President: Andrew Greasley, Vice-President: Hwa Loong Soh, Treasurer: Chong Shen Ng, Secretary: Yang Zhang

LACROSSE

In 2006, the men's teams made the grand finals in Division Two and Three of the Victorian Lacrosse Associations competition. This is the first time 2 men's teams from the club have achieved this in more than 40 years. The Division Three team defeated Altona to win the club's first Premiership since the 1970's. The Division Two team lost

NETBALL

2006 was an excellent year with MUNC fielding teams in every grade in the Parkville Netball Competitions at the State Netball and Hockey Centre in both autumn and spring seasons. Our top Premier League teams enjoyed great success, with three of four teams being promoted to higher divisions in spring 2006. An expanded coaching program developed the potential of many of our teams, with teams benefiting from greater individual attention. MUNC again supported successful AUS campaigns and forged new links between the club and university teams.

Co-presidents: Belinda Crowe, Brigid O'Dwyer, Treasurer: Alex St John, Secretary: Heather Pearce

RUGBY UNION

The Rugby club competes in the VRU Premier Division competition, and 2006 has been a record year for club growth and participation, with 5 senior sides entered in the Grade competition. First, Second and Colts Grades narrowly missed the finals, while The Third Grade Blues won their third Premiership in a row. 2007 has to be our year as a Serious Contender, with potential to take out more than one Premiership, with

and organised social skiing trips to Hotham, Falls Creek, and Mt Buller. These trips were enjoyed by all, with many being introduced to the wonders of skiing for the first time. 2006 wasn't the best year for snowsports in Australia though with disappointing snowfalls resulting in a record low season. Off the snow however, MUSKI organised a number of social events for its members including introducing an Annual Presentation Dinner in anticipation of our 80th anniversary in a few years time.

President: Courtney Date, Secretary: Ally Miller, Treasurer: Lucy Goldwater

SNOWBOARD

Overall a good year for MUST. Membership was up on 2005, with around 315 people in peak season, which provided a good source of revenue for running club activities. The Hire room functioned well, returning almost predicted income for the year. Snow trips ran well – servicing Mt Buller, Mt Hotham, Falls Creek, New Zealand resorts and Hokkaido, Japan.

President: Lauren Broomhall, Treasurer: Andrew Pomeroy, Secretary: Fiona McLaren

2006 clubs highlights

their Grand Final by 3 goals to Camberwell who were undefeated all season. The clubs coaching resources were boosted this year with the addition of Gary Newvine, a USA coach who has played the game for many years. Gary's experience was terrific as he brought many new ideas to the club in both training methods and strategy.

President: Sean Williams, Secretary: Conrad Tracey, Treasurer: Anthony Molyneaux

MOUNTAINEERING

It has been a trying year for some people in MUMC – no snow for the skiers, barely any water for the kayakers. To balance things out 2006 saw the return of the much missed abseil on the Redmond Barry building during O-Week. The ever active rock climbers and bushwalkers were out every weekend, while the depths of the Labertouche and Buchan caves were plumbed on a more sedate schedule. The return of the Aus Championships to Victoria was a welcome opportunity for the (literally) tireless rogainers, while September saw a team head to the Blue Mountains canyoning, culminating in several descents in the impressive Kanangra-Boyd area. Some members even set off for the rock and ice of New Zealand's Southern Alps.

President: Alison Thomson, Vice President: Matt Thomas, Secretary: Simon McKenzie, Treasurer: Lincoln Smith

the club establishing one of 6 Pillar teams the restructured competition to commence in 2007. Melbourne University and the club will also provide the home base for the Melbourne team to compete in the Australian Provincial Championships inaugural 2007 competition

President: Rick Boykett, Honorary Secretary: John Clarke, Vice Presidents - Peter Hone, Craig Albiston, Treasurer: Rob O'Dwyer

SAILING & WINDSURFING

In 2006, the Sailing and Windsurfing club re-established itself and set itself up for future success. While the club has not experienced the competitive success of previous years, it has re-developed a base of new and experienced windsurfers and sailors with considerable talent. Greater club awareness was achieved through our connections with Royal Brighton Yacht Club, a venture the club is looking to strengthen in 2007, and through our social activities. The club also completed repairs to its entire fleet of boats and boards to establish a competitive future.

President: Jonathon Platt, Secretary: Nat Hollier

SKI

In 2006 MUSKI dominated university skiing competitions, combining with MUST to take out both the Australian University and Victorian Intervarsity Snowsports Championships. This year we also staged an intra-club competition, the MUSKI Cup,

Snowboarder Lauren Broomhall at the Australian University Championships, Mt Buller.

ULTIMATE FRISBEE

2006 was the most successful year for the Ultimate Frisbee Club to date. We regained the SUG title, undefeated in 8 games. Our league team finished on top of the ladder in the Winter Season at Albert Park. The year was topped off with a bronze medal at AUG in Adelaide; the best ever finish for a team from the Southern region. The clubs best individual performers also played well outside university competition. John Liddicoat, Chris Freise and Steve Wealands played for Melbourne's Chilly who were Australian Champions for the second year in a row and bronze medal winners at the World Ultimate Club Championships. Other club members at WUCC were Alica Daly, Andrew Barr, Frank Simmons, Pat Crosby, Seth Luxenburg, Cathy Matthews and Karen Parker, showing the strength of our club at a national level.

President: Andrew Barr, Vice President: Alica Daly, Treasurer: Frank Simmons, Secretary: Jo Cockerell

WATERSKI

The Waterski and wakeboard club this year hosted the inaugural 'Fedd Cup,' the Victorian University Wakeboard Championships held at the Deniliquin Boat Club. Sponsored by the Federal Hotel, the event was a success and will hopefully grow in years to come. The club also performed well at both the Victorian Waterski Championships late last year and the Australian University Waterski and Wakeboard Club Championships (AUWWCC). At AUWWCC we placed second in wakeboard overall as well as third overall. Our beginners' camp at the start of the university year was very successful selling out well in advance and attracting many new faces.

President: Richard Connell, Vice President: Steve Bitter, Secretary: Kate Hooper, Treasurer: Nigel Tearle

WEIGHT/POWERLIFTING

The MUWPC has had another successful year of powerlifting competition and individual strength development. Success at national, state and all of the club level competitions has revealed plenty of new talent within the club. David Jame won the State Titles including a national record 305kg Squat at 90kg bodyweight and Andrew Lai, Darren Low, Sonja and John Rutherford all took out national titles in the Australian Junior and Masters Championships. With more than ten other victories at club level and even those not competing still making major strength gains, everyone is looking forward to 2007.

President: Fiore Inglese, Secretary: Mark Shen, Treasurer: David Jame, Coach: Robert Wilks.

Rechelle Martinez
Clubs Coordinator

2006 clubs highlights

VOLLEYBALL

2006 has been a mixed year with the rebuilding of a number of teams within the Club, and the improved performance in both the Australian University Games and the Australian Volleyball League. We also continued our participation in the Victorian State League and a number of regional tournaments. Some of our social and junior teams competed in local Melbourne-based competitions. Seven teams competed in the senior Victorian State League with two reaching the State League semi-finals, and one playing off in the Women's Division 1 grand final. Good results were achieved in the regional tournaments. Our junior ranks continue not only to perform well in their age group, but also for the first time a team with a majority of junior boys this year competed in a senior State League division, finishing a very respectable 3rd. Our Women's team won gold at both the Southern University Games and the Australian University Games, with two of our players being named as Green & Gold recipients. The Men were not as successful, yet very competitive in all of their games in both competitions. Two players achieved selection in the Under 16 VSSSA State Team competing in the National titles in Melbourne. Another two were selected in the Victorian Under 17 State Team competing in Perth. Two juniors commenced their studies at Melbourne University last year, extending the pool of talented players for the Club and University. Our social program continued to grow this year with 42 student members attending 18 weeks of training sessions spread over both semesters. We were able to provide both training sessions and games to suit all levels of interest, improving skill or just playing games.

President – Gus Cirillo, Vice President – Rosemary Bissett, Secretary – David Martin, Treasurer – Damian James

WATERPOLO

The Melbourne University Water Polo club has achieved the following in 2006:

Winter competition: Entered 5 teams; 3 Men's & 2 Women's; 4th Men's State League 3 team; 3rd Men's State League 4 team; 2nd Men's State League 5 team; 3rd Women's State League 2 team; 3rd Women's State League 3 team; Summer competition: Entered 3 teams; 2 Men's & 1 Women's; 4th Men's State League 3 team; 2nd Men's State League 5 team; 2nd Women's State League 3 team; Australian University Games; 4th Overall - Men's team performed exceptionally well in a very strong competition; 4th Overall - Women's team performed exceptionally well in a very strong competition.

President: Benjamin Yeo, Vice President: Nikki Brandt, Treasurer: - Lizzie O'Brien, Secretary: Shannon Godfrey, Social Secretary: Brett Laing & Adele Maloney

Chris Gronow, High Performance Scholarship holder.
